PROFESSIONAL SUMMARY

Software Engineer with 4+ years of expertise in crafting scalable applications using Angular, TypeScript, Python, JavaScript, ASP.NET, and MS-SQL. Adept at optimising user experience, application performance, and collaborating seamlessly with cross-functional teams to deliver high-caliber software solutions. Excels in translating intricate business requirements into technical specifications while consistently achieving project goals and elevating customer satisfaction. A champion of innovative thinking, continually challenging boundaries and striving for excellence in every endeavour. Committed to pushing the limits of software engineering through a relentless pursuit of knowledge.

SKILLS

Skills:
- Python, C#, HTML, CSS, TypeScript, SQL, JavaScript
- Angular 14, Apollo GraphQL, ASP.NET, Django, Pandas (software), Numpy
- Azure Devops, Git
- Requirement Analysis, Data analysis, Business analysis, Team Management, Agile development methodologies, CI/CD
- Financial and supply chain management, Enterprise performance management, Billing portal, University data management
-

Strengths:
- Ownership, Teamwork, Think big, Leadership, Adaptability, Team player, Attention to detail, Go-getter

WORK HISTORY

Software Developer, **12/2022 - Current**
Eve Networks, Stonehouse, UK

- Spearheaded development of billing portal, designed to automate and streamline invoices, fixed charges and tariffs processing.
- Used modern design for UI/UX which enhanced product value and resulted in the 40% product growth in the 1st quarter of 2024.
- Frontend tech stack: Angular 14, GraphQL, HTML, CSS, and Bootstrap.
- Backend tech stack: C#, GraphQL, ASP.NET Entity Framework, and SQL.
- Maintained system stability by providing prompt production support and resolving critical bugs.
- Utilised Git and Azure DevOps for version control and CI/CD, enabling efficient collaboration and streamlined software delivery processes.
- Adhered to Agile principles and methodologies, to ensure iterative and incremental project delivery.

Data Analyst (Part- time), **11/2021 - 10/2022**
University of Bath, Bath

- Responsible for managing and maintaining over 10 course structures for University App of University of Bath.
- Key responsibilities included data analysis, quality assurance testing, and data entry for all courses and academic units offered by University.

EDUCATION

Master of Science, Computer Science, 2021 - 2022
University of Bath - Bath

Bachelor of Technology, Electronics Engineering, 2014 - 2018
SNDT Women's University - India

Application Development Analyst, 12/2020 - 09/2021
Accenture, India

- Received Shining Star Award in the Q1 2024 for exceeding clients expectations and completing a complicated project which resulted in 35% increase in revenue.
- Awarded FY20 Q4 Accenture Celebrates Excellence Award in Client & Customer Category for successfully achieving outstanding results in a strict time frame of 3 months.
- Lead and mentored a team of 3 juniors while taking end-to-end ownership of projects, ensuring seamless execution and successful delivery.

Application Development Associate, 11/2018 - 12/2020
Accenture, India

- Excelled in full-stack web development using PeopleSoft, People Code, and SQL, delivering robust front-end and back-end solutions in less than 3 months.
- Conducted comprehensive testing, including unit, performance, and user acceptance, ensuring software quality and seamless build migrations.
- Leveraged expertise in Oracle PeopleSoft FSCM modules (Accounts Payable, Receivable, Purchase Order, General Ledger) to streamline financial processes.
- Provided optimal solutions through meticulous analysis, user-centric design, and intuitive application functionalities.
- Maintained system stability by providing prompt production support and resolving critical bugs.

CERTIFICATIONS AND LICENSES

- A beginner's guide to Django - Udemy
- Cleared exam for Hackerrank SQL Basic, Intermediate and Advanced levels.
- Cleared exam for Hackerrank Problem solving Basic level.
- Artificial Intelligence under GUVI Geek Networks, IITM Research Park.
- Oracle Cloud Infrastructure Foundations 2021 Certified Associate under Oracle.
- Python 2021 Complete Python Bootcamp From Zero to Hero in Python.
- C and C++ issued by NIIT Limited
